Hello ! We planned to code a custom made " sky " in fractals styles .

How it works :
1) User just need to enter a random variable to generate their personal  fractals " sky " .

* but we don't know how to code it : ) Sir , can u give us some guidelines ?

# The World Of Fractals

This are the output we wish to create through inputting different numbers.

# What is Fractals ?

- in mathematics, any of a class of complex geometric shapes that commonly have "fractional dimension," a concept first introduced by the mathematician Felix Hausdorff in 1918. Fractals are distinct from the simple figures of classical, or Euclidean, geometry—the square, the circle, the sphere, and so forth.
